LED LIGHT KIT · INSTALL GUIDE

12 FT SKELLY MASK

5V ONLY Use only the included 5V power adapter. **Never connect these lights to a 12V power supply;** it will burn them out.

IN THE KIT

- **A** **LED light strip** with controller and USB plug (2 m / 6.5 ft)
- **B** **10 ft extension cable**
- **C** **USB-to-power adapter** (USB on one end, round plug on the other)
- **D** **5V power adapter** (plugs into the wall)
- **E** **Zip ties** for the cable (not pictured)

INSTALL

1 PLACE THE LIGHT

Attach the strip to the **back of the mask** or **directly to the skelly's face**. Bend it, or fold it over on itself, to aim the glow where you want it.

2 RUN THE CABLE

Zip-tie the cable to the **tension wires on the back of the skelly**, then down along the frame.

3 PLUG IT IN

Connect in this order, then plug the power adapter into the outlet last:

A Strip USB → **C** USB adapter → **B** 10 ft cable → **D** 5V adapter → **Outlet**

4 PICK YOUR LIGHT SHOW

Use the buttons on the back of the controller. See the other side.

LED LIGHT KIT · CONTROLS & CARE

12 FT SKELLY MASK

THE CONTROLLER

MODE +
Next light effect.

SPEED
Tap to change the speed.
Press and hold to turn off.

MODE –
Previous light effect.

The buttons are on the back of the controller, behind the label.

OUTDOOR & SAFETY

- **5V only.** Use the included adapter. A 12V supply will burn out the strip.
- **Not waterproof (IP20).** Keep the controller, plugs and power adapter off the ground and out of rain and sprinklers. Unplug during storms.
- **Power:** plug into a covered, GFCI-protected outlet. Keep the adapter in a dry spot.
- **Unplug first** before you move, bend or re-aim the strip.
- **Storage:** coil it loosely and store it dry. Don't crease it hard or knot the cable.

TROUBLESHOOTING

- **Won't light?** Push every connection in all the way and check the outlet has power. If you held SPEED, it's switched off; press it again.
- **Part of the strip is dark?** It may be folded too tight. Unplug it and ease the fold.
- **Flickers?** Re-seat the round plugs on the extension cable.
